

STATE ASSESSMENTS

The NHTSA Driver Education State Assessments are designed to evaluate how well states align with the NTDETAS, to assist states with evaluating their driver education program and to identify areas for improvement.

The Assessments are conducted by experts within the driver education community. As of 2017, assessments have been conducted in MD, OR, VT, DE, KS, ID, MI, ND, NC, IL and WA. For more information on State Assessments visit the NHTSA website at www.nhtsa.gov

ANSTSE

The Association of National Stakeholders in Traffic Safety Education (ANSTSE) was established in 2010 to maintain and, when necessary, upgrade the NDES and to provide oversight in implementation activities. ANSTSE is an Association of voluntary Stakeholders dedicated to identifying and advocating areas of common ground for the improvement of driver education. Members of the Association include:

NTDETAS STANDARDS

The Novice Teen Driver Education and Training Administrative Standards (NTDETAS) were developed by the driver education professional

community with assistance from NHTSA.

The original Standards were finalized in 2009, and updated in 2017, to define the future of driver education and assist in improving the delivery of driver education programs nationally.

The NTDETAS are intended to provide guidance to States striving to consistently provide quality driver education and training programs.

The Standards are available online at www.anstse.info/Standards.html
